Evaluation of the Rwanda Threshold Program:
Endline Questionnaire
January 19, 2012

INTRODUCTION

The Millennium Challenge Corporation (MCC) is sponsoring the Rwanda Threshold Program (RTP), which is a series of initiatives intended to strengthen the rule of law, civil society, civic participation, media, and the inspectorate services of the national police. Mathematica Policy Research, located in Washington, DC, United States, and ______ have been contracted by the MCC to evaluate the impact of these programs. To conduct this evaluation, we are interested in hearing from citizens about a variety of issues. We are asking citizens all across Rwanda to respond to a series of questions about their views on the media, police services, and participation in government matters. While survey responses and project reports based on this survey may be publicly shared, your name and address will always be kept confidential. You are free to skip any question that you do not wish to answer, and you may stop the interview at any time.

We sincerely appreciate your participation in the Evaluation of the Rwanda Threshold Program. If you have any questions about the study or your participation after the interview is over, please contact _____________ at _____________.
