Coverage

GEOGRAPHIC COVERAGE

The study covered parts of Abomey, Allada, Cotonou, Pobè, and Porto-Novo in Benin.

UNIVERSE

The universe of analysis includes institutions within the Benin justice system and government such as courthouses, arbitration and mediation centers, and business registration centers. As an institutional reform-focused project, the

evaluator did not work much with users, but rather with government officials, court officials, and heads of relevant agencies. For the arbitration center, the main beneficiaries are enterprises; for business registration, the beneficiaries are individual business creators; and for the courts activity, the beneficiaries are court officials and individual court users in the geographic areas specified above.

DDI DOCUMENT VERSION

This is a provisional version of the metadata file produced by MCC. It is not the official metadata file for the project. It will be replaced by the metadata file from the evaluator when that documentation is available. This provisional metadata file is subject to change at MCC's discretion until the evaluator's metadata file is available and posted. This version of the metadata precedes version one and may be referred to as version P as in provisional.
